

Worksheet 5-7

Calculating Additional Fertilizer Requirements When Using Manure

Field(s) _____

Crop _____

N P₂O₅ K₂O

1. Nutrient recommendations for crop

- Expressed as lbs/acre.
- Enter the net N recommendation from **Worksheet 5-2**.
- Consult **Appendix** for P₂O₅ and K₂O recommendations, or from **Worksheet 5-3 (#6)** if completed.

--	--	--

2. Nutrients supplied by manure

- Expressed as lbs/acre.
- Enter the amounts from **Worksheet 5-4 (#5)**, **Worksheet 5-5 (#7)** or **Worksheet 5-6 (#3)**.

--	--	--

3. Residual fertilizer requirements after manure

- Subtract the nutrients supplied by manure (**#2**) from the nutrient recommendations for crop (**#1**).
- If number is less than zero, enter zero.
