Trailblazers 4-H Club News

Reporter, Maci Pritt

Trailblazers 4-H Club members conquered their fears and strengthened their public speaking skills during their March meeting at the Crellin Community Center. Members presented in front of club-selected judges, fellow members, family, and friends, showcasing their writing and speaking abilities through prepared speeches, radio spots, and extemporaneous presentations. The club also shared reminders about upcoming events, including the Kids Fitness & Smoothie Class at the Extension Office, the Garrett County Achievement Program, spring weigh-in, and the Western Maryland District Show. In addition, members discussed and selected a date for a fundraiser Spirit Night at Dairy Queen, which will be held on May 26 from 5:00 p.m. to 7:00 p.m.

The Trailblazers 4-H Club began the month of April with a brief meeting focused on upcoming events and important deadlines, including spring weigh-in, the Western Maryland District Show, and required animal health checks. Members were also recognized for their achievements, receiving certificates from the Garrett County Achievement Program held on Sunday, March 29, 2026. To wrap up the meeting, the club enjoyed some time outdoors, putting their athletic skills to the test with a competitive game of wiffle ball.
