Red House 4H Club News

Braden Harvey, Reporter

The regular monthly meeting of the Red House 4-H Club was on May 6, 2026, at the Redhouse St John Luthern Church where we helped with graveyard cleanup and then had a quick meeting. President Brent Friend called the meeting to order, and Skyler Tasker led both pledges. Kaylee Harvey called roll and Will Dixon gave the treasures report.

Under unfinished business members were reminded about weigh in on Friday the 8th and District Show on Saturday. If you plan to show Saturday make sure you have a health check. All laundry detergent orders need to be turned into Catie, and she will let us know an approximate delivery date once she submits the order. For our June meeting we will meet at Baconacres at 5:00 where we will have a guest speaker from the health department. After the speaker Missy will give a demonstration of taking care of pigs and the proper way to show them.

Under new business members were reminded that if they are taking a market animal, taking a different species, or moving to a new age group they must complete Quality Assurance by July 1st. For our July meeting we will meet at Vepco where we will have a picnic, short meeting and then members can swim and fish. The fair has been moved to August 1-8, and members need to make sure they have a health check that is up to date before they weigh in on Sunday. The meeting was adjourned by Kaylee Harvey, and the motion was second by Braden Harvey and passed.
