

## Update Your Nutrient Management Plan: 2018 Schedule

Have you updated your nutrient management plan for the upcoming cropping season? Do you have questions? Do you need help getting started? Do you need a software refresher?

The University of Maryland Extension (UME) Nutrient Management Specialists will be available to assist you with updating to your nutrient management plan and the nutrient management planning software *NuMan Pro 4.2*. The sessions will be informal and participants will work at their own pace. Participants should be certified farmers or consultants.

**Participants must be familiar with a keyboard and able to retrieve and save files. Bring a computer-savvy assistant, if needed.**

### WHAT SHOULD YOU BRING?

- a copy of your most recent nutrient management plan
- an electronic copy of your *NuMan Pro* file and other plan components on CD or memory stick
- soil test results no older than Fall 2015
- a recent manure analysis (if manure is applied to your land and you have 20 animal units or more)
- knowledge of what crops are planned for the 2018 cropping season
- a record of manure applications made in the 2016 and 2017 cropping years

### WHAT WILL BE PROVIDED?

Laptop computers equipped with *NuMan Pro 4.2* software, printers, and technical support to make the updating process quick and easy.

### REGISTRATION INFORMATION

- Registration is mandatory to ensure an adequate number of computers are available.
- Each session will be limited to 11 participants so register early.
- There is no fee to attend these sessions.
- **Register by contacting Paul Shipley at 301-405-2563 or prs@umd.edu**
- **Note:** Continuing education credits are not available for these sessions.
