- Basketball

Make healthy MyPlate food choices!

Spend LESS time:

- Watching TV or movies
- Playing video games
- On the computer
- Sitting around

Draw a picture or write about your favorite way to get active:

When it comes to food, some choices are better than others. The food groups found on MyPlate have choices that help make your body healthy and strong.

Vegetables, fruits, grains, dairy, and protein are foods you should eat most of the time. What foods should you eat less often or once in a while?
