COMMON LAWN AND LANDSCAPE WEEDS

Eric Wenger

Common Chickweed – Stellaria media, winter annual

Mouse Ear Chickweed – Cerastium vulgatum, perennial

Dandelion – Taraxacum officinale, perennial

Broadleaf plantain – Plantago major, perennial

Buckhorn plantain – Plantago lanceolata, perennial

Common groundsel – Senecio vulgaris, winter or summer annual, contains pyrrolizidine alkaloids that can cause liver damage in horses and cattle

Common blue violet – Viola papilionacea, perennial

Ground Ivy – Glechoma hederacea, perennial

Marsh pennywort – Hydrocotyle umbellata, perennial

Corn speedwell - Veronica arvensis, winter annual

Hairy bittercress – Cardamine hirsuta, winter or summer annual

Bull thistle – Cirsium vulgare, biennial

Canada thistle – Cirsium arvense, perennial

Common ragweed – Ambrosia artemisiifolia

Mugwort – Artemisia vulgaris, perennial. Quite tolerant of most herbicides

White Clover – Trifolium repens, perennial

Hop Clover – Trifolium campestre, summer annual

Black medick – Medicago lupulina, summer annual

Creeping woodsorrel - Oxalis corniculata, perennial

Common yellow woodsorrel – Oxalis stricta, perennial

Lespedeza – Lespedeza striata, annual

Yellow nutsedge – Cyperus esculentus, perennial

Purslane – Portulaca oleracea, summer annual

Spotted spurge – Euphorbia maculata, summer annual

Prostrate knotweed – Polygonum aviculare, summer annual

Virginia copperleaf – Acalypha virginica, summer annual

Hairy galinsoga – Galinsoga ciliata, summer annual

Wild garlic – Allium vineale, bulbous perennial

Star-of-Bethlehem – Ornithogalum umbellatum, bulbous perennial

Henbit – Lamium amplexicaule, winter annual

Deadnettle – Lamium pupureum, winter annual

Indian mock-strawberry – Duchesnsea indica, perennial

Wild buckwheat – Polygonum convolvulus, annual vine

Field bindweed - Convolvulus arvensis, perennial vine

Hedge bindweed – Calystegia sepium, perennial vine

Did you know that you can eat many of the common weeds that grow in your garden and landscape?

RECIPES FOR WEEDS*

www.ediblewildfood.com

*Be sure that you correctly ID the plant before you prepare and eat it and be sure that it has not been treated with any pesticides
USE PESTICIDES WITH CARE.
READ LABEL DIRECTIONS.
FOLLOW ALL SAFETY PRECAUTIONS.

COMMON PRE-EMERGENT HERBICIDES

- Prodiamine – Annual Grassy and Broadleaf Weeds
- Dithiopyr – Annual Grassy and Broadleaf Weeds
- Benefin – Annual Grassy Weeds
- Isoxaben – Broadleaf Weeds
- Trifluralin – Annual Grassy and Broadleaf Weeds
- Oxadiazon - Annual Grassy and Broadleaf Weeds
- Pendimethalin - Annual Grassy and Broadleaf Weeds
- Corn Gluten (Short Chain Amino Acid)

COMMON POST-EMERGENT HERBICIDES

- Dicamba - Selective Herbicide, Systemic, Broadleaf weeds
- Mecoprop - Phenoxy Type Herbicide, Systemic, Selective Control of Broadleaf Weeds
- 2,4-D - Phenoxy Type Herbicide, Systemic Selective Control of Broadleaf Weeds
- Quinclorac - Selective Control of Broadleaf Weeds and Some Weedy Grasses
- Sulfentrazone - Selective Control of Nutsedge, Green Kyllinga and Broadleaf Weeds
- Carfentrazone - Contact Non-Systemic for Broadleaf Weeds
- Glyphosate - Round Up® Non-Selective Herbicide, Systemic
- Sulfonil Urea – Selective Control of Sedges
- Clopyralid - Selective Control of broadleaf weeds (not in turf)
- Triclopyr - Selective Control of broadleaf weeds
- Acetic Acid – Vinegar, Contact Non-Selective Herbicide, Non-Systemic
- Citric Acid – Contact Non-Selective Herbicide, Non-Systemic
- Oils – Cinnamon, Thyme, Clove, Contact Non-Selective Herbicide, Non-Systemic
- Iron HEDTA - Contact Non-Selective Herbicide, Non-Systemic
- Mesotrione – Tenacity® Selective Control of Some Broadleaf Weeds and Grasses (Including Crabgrass, Goosegrass and Nimblewill)
- Topremozone - Pylex® Selective Control of Some Broadleaf Weeds and Grasses. (Including Bermuda grass and Nimblewill)
- Quinclorac - Selective Control of Broadleaf Weeds and Some Weedy Grasses
- Halosulfuron - Selective Control of Nutsedge and Kyllinga
- Sulfentrazone - Selective Control of Nutsedge, Green Kyllinga and Broadleaf Weeds
- Fenoxyprop-p-ethyl - Acclaim Extra® Post-Emergent Control of Annual Grassy weeds. (Crabgrass, Stiltgrass, Goosegrass)
- Fluazifop – Fusilade II®, Selective control of grassy weeds in ornamental beds
