Step back and do more research.
Try an internship.
Attend field days and farm visits.

Farming has too many risks for me.

Starting a Farm
- What skill sets do I have?
- What resources do I have?
- What farming enterprise(s) might fit my personal goals?

I can answer all these questions and am ready to explore my farming options.

Enterprise Selection
- Livestock
- Crop Production
- Vegetables
- Fruit
- Nursery/Horticulture
- Grapes
- Equine
- Value-Added

I understand farming can be a risky business but, I can develop a plan that addresses those risks.

My Business Plan
- Product Development
- Marketing Plan
- Financials
- Human Resources

Get Started Farming
- Production Plan
- Land and Equipment Resources
- Labor Sources
- Support Contacts
- Marketing Strategies

On your way to establishing a successful farm.
