THE LEGO PROS 4-H CLUB

University of Maryland Extension-Prince George's County Office

What is 4-H?
An opportunity for youth to engage in hands-on activities to build life skills. The club works as a team not only to build their robot, but also when conducting research.

Why should you join 4-H?
The Lego Pros focus on multiple factors when building the robot. The team conducts research and creates a presentation. This previous year, our research project was the "Electric Forcefield Mountain". We chose to focus our disaster plan on Clinton, MD. We created a report on disaster shelters where people can take refuge during natural disasters. The work we do is applicable to our community.

How can I join 4-H?
If you are interested in joining our team and becoming a member or volunteer coach; or you would like to become a sponsor and provide financial support, please email: Wendell Bates at: wbatespg@verizon.net or Camisha James at: camisha_abelsjames@yahoo.com

Is there a fee?
$10/year, per child

Where are the meetings held?
Prince George's County Office
6707 Groveton Drive Clinton, MD 20735

When does the club meet?
The club meets Thursdays evening, and Saturdays morning (September- May).

Who can participate?
Youth ages 9 to 13 years old are welcomed to join.
