

# Virtual Club Elections

Maryland 4-H in-person club meetings are currently limited and controlled as per the **Restoring Maryland 4-H In-Person Program Plan**. Information and resources regarding the guidelines, expectations and requirements are available to all volunteers and family on the State 4-H website via the following webpages:

**For Volunteers:** <https://extension.umd.edu/4-h/youth-families/covid-19-resources-families>

**For Families:** <https://extension.umd.edu/4-h/youth-families/covid-19-resources-families>

Local 4-H Educators may determine specific start dates or add additional requirements for their local jurisdiction.

Baseline conditions to conduct in-person 4-H activities and programs may change this fall and will be reflected on the main [4-H webpage](#). Many clubs have met virtually during these times of social distancing, but some have not made that transition. It is essential to stay connected with club members and families in either situation and regardless, certain charter club requirements will need to be followed such as club officer elections. With that being said, the Maryland 4-H Program thought it would be beneficial to provide some election options to fit your club meeting situation.

## Election Process Methods for Clubs to Consider:

### • Virtual Meeting

- *Zoom poll* - Create poll ahead of time using solicited nominations and members are able to vote directly on their device screen, once the poll has been launched by the Zoom host.
- *Private chat with host* - Members can type into the chat box, directly to the host, their real-time vote. The chat feature must be enabled on Zoom before the meeting starts in order to vote using this process.

- **Online Voting** (see chart below) - Each platform below will allow club leaders to create an online ballot of nominees and distribute a link or code to members in order to keep the votes anonymous.

- **Email** - Individually email club members and a parent (for safety) a list of nominees. Members will need to reply to the sender with their votes.
- **Text** - Individually message club members and a parent (for safety) a list of nominees. Members reply to the text with their votes.
- **Call** - Individually call club members and a parent (for safety) to gain a verbal confirmation of which candidates a member is voting for. The club leader will need to maintain a spreadsheet or tally system to account for each vote.
- **Postcard** - Create a postcard ballot with positions and nominees and send to or drop off for each club member to vote. Consider mailing timeline or drop off option. Be sure to provide one per member, not one per household.
