

4-H Horticulture Club of Harford County

We are a group of kids and families that enjoy wandering through gardens, garden centers and hiking trails to study plants. Classified as a specialty 4-H Club we focus on plant activities only. The club serves all youth from age 8-18 who have a passion to learn about cultivated plants.

Our study materials are found at the [National Jr. Horticultural Association](#) website. The study lists of all of our plant materials are found at the Harford County Extension website.

The 4-H Horticulture Club meets twice a week during June, July and August on various times and dates. Our Horticulture teams compete every summer at the Maryland State Fair on Labor Day Weekend. Check out our schedule of events at our website.

Call the Harford County Extension Office for information, 410-638-3255

University programs, activities, and facilities are available to all without regard to race, color, sex, gender identity or expression, sexual orientation, marital status, age, national origin, political affiliation, physical or mental disability, religion, protected veteran status, genetic information, personal appearance, or any other legally protected class.
