Date: 8/13/2024

## **Trailblazers 4-H Club News** ***Nicholas Ritchey, Reporter***

The Trailblazers had a meeting on September 17, 2024 at the Crellin Community Building. We had a guest speaker from the Garrett County Health Department. Melinda talked to us about ticks and how they can affect animals. We wanted to thank her for coming out and teaching us about that. We talked about the Ag Bash that will be coming up soon. The Ag Bash is October 5th. We also formed a committee for the Festival of Trees to see what we wanted to donate for that. We wanted to remind everyone that we will still be collecting infant clothing for our fall infant clothing drive till October 15th. We also wanted to let everyone know that National 4-H week is October 6th-12th. Our next meeting will be October 15th at the Service Master Garage we will be carving pumpkins.
