

# UNIVERSITY OF MARYLAND EXTENSION

## **Asynchronous On-Line PAT Recertification Process:**

- 1) Print the attendance verification form prior to watching the video. The attendance form has a place for four course verification phrases that are given in during the recording session. The course word phrases are required for successful completion.
- 2) Watch the recorded session and complete the attendance form. Link to "Ag Tech Talk" YouTube Channel, then click on the On Line PAT Recertification & IPM Workshop April 3, 2020: <https://www.youtube.com/channel/UC6aPsasBJpxjnyoJaObDPzw/>
- 3) Scan and email or fax the form to R. David Myers ([myersrd@umd.edu](mailto:myersrd@umd.edu)) for course completion verification signature.
- 4) The completed attendance forms are forwarded to Kelly Love ([kelly.love@maryland.gov](mailto:kelly.love@maryland.gov)), MDA Pesticide Regulation Section for credit.
- 5) Once the completed course is on file at MDA, you will need to renew your certificate on line at the MDA renewal site: <https://egov.maryland.gov/MDA/Pesticides/LicenseRenewal>

Attachment: PAT On-Line Recertification Attendance Form.

Sincerely,

R. David Myers
