Let’s Grow Our 4-H Program

The 4-H program is a great way for youth to gain life skills that will prepare them to be successful adults. Youth learn a variety of skills including leadership, science, citizenship and healthy living. We want to reach at least 2,000 young people ages 5-18 with 4-H in 2013 through clubs, afterschool programs, school enrichment programs, camp, special interest and individual study. We challenge each club and 4-H program to increase their reach in 2013!

For promotional ideas, please contact Nia Fields at Nfields@umd.edu.
The Baltimore County 4-H Program is committed to educating 4-Hers and the general public about the importance of Agriculture. We have created a series of Ag and Animal Science based workshops for 4-H and non (future) 4-Hers. We encourage you to participate in these opportunities and to spread the word. These will be ideal experiences for 4-Hers to add to their record books and animal person of the year nomination forms! The cost is $7 per class.

We hope to see you there! To register for these sessions, please call the 4-H office at 410-771-1761. Sessions will be held at Ag Center/4-H Office at 1114 Shawan Road, Cockeysville, MD 21030. All classes will be from 1pm – 4pm. The next sessions are:

**March 9, 2014**

*Animal Anatomy and Reproduction*

This class will include information about genetics, choosing sires, reproductive anatomy, and A.I. breeding. We will be dissecting an animal. This class is better suited to intermediate and senior members. **Registration is required by February 21st to ensure we have enough materials for all participants.**

**April 12, 2014**

*Soil Science*

Participants will discover soil as a natural resource, what are its properties and how it used in agriculture.

**EXCITING OPPORTUNITIES FOR 4-HERS**

The Maryland 4-H program has a lot of exciting opportunities that Baltimore County can participate in. To the right you will find various MD 4-H contests and workshops. If you are interested in leading or joining a county team, please contact the 4-H office.

Folk singer John Denver was once a 4-Her but most of us know him as a folk singer. He was also renowned environmentalist and humanitarian.

Popcorn genius Orville Redenbacher started his life out on his family’s farm and as a 4-Her. He graduated college with a degree in Agronomy and worked in the local Farm Bureau as well as an Extension Agent before launching his popcorn business.
The Maryland 4-H Youth Development Program provides a supportive setting for youth to reach their fullest potential. Participation is open to all youth ages 5-18 who reside in Baltimore County. The Clover Program is open to ages 5-7 years and the 4-H Program is targeted toward 8-18 year old participants.

4-H has an over 100 year tradition of voluntary action through strong public-private partnerships at federal, state and community levels. Local volunteer leaders partner with Baltimore County Extension staff to provide direct leadership and educational support to young people in urban, suburban, and rural communities.

4-H youth develop relationships that inspire people to voluntarily help themselves and others as they interact with caring adults and peers.

4-H Program areas include:
