4-H RECORD BOOK AND PROJECT GUIDE

Your record book must contain the following items to be considered complete:

1. Sturdy Cover - A 4-H record book cover, other notebook or report cover with fasteners. Please put your name on the front of the book.
2. Title page – Name, recent photo, 4-H age and club name(s).
3. Table of Contents – List items in your book.
4. Maryland 4-H Summary Record - Submit only one for the current year.
5. 4-H Story - Include information about your year in 4-H such as projects and activities.
6. 4-H Project Record - Complete one for each project area. If a 4-H project workbook was used, put it behind that project sheet.

Other items you are encouraged to include in your record book are:

Diamond Clover

If you completed a Diamond Clover level for the current year, put it in your book last. Make sure it is signed in all the necessary places.

Do not place items that require signatures in plastic sleeves. It makes it difficult for your leader and the 4-H Educator to sign items such as Summary Record and Project Records.

You can include items from activities outside of 4-H if they relate to a 4-H project area. Example: Doing a speech at school or church would be related to your 4-H public speaking project.

Your book is rated on neatness, being up-to-date, being complete and arrangement of items. The standard order of items in a record book is:

- Title Page
- Table of Contents
- Annual Summary Record
- 4-H Story
- Project Records
- Pictures
- Newspaper clippings
- 4-H Correspondence
- Miscellaneous
- Diamond Clover Form

NOTE: You can enter your record book in the fair for judging. It should include items from January 1 to June 30 of current calendar/fair year only.
4-H RECORD BOOK FORMS

Summary Record:

- Complete only one Summary Record for your current year in 4-H.
- Be sure to sign where indicated as 4-H Member.
- Your Primary Club Leader needs to sign the summary record after being reviewed for completeness and accuracy of the information included.

Project Records:

- Each project must go on a separate project record. (Livestock requirements below.)
- To be classified as complete, each project record must be filled out completely: personal information, goals, communications/exhibits (2 are required), learning experiences (4 are required), financial records, life skills, and reflection.
- Records must be signed by the member and the Primary Club Leader after being reviewed for completeness and accuracy.
- If you choose to use plastic page covers, please do not use them for pages requiring signatures.
