

FARMER TRAINING & CERTIFICATION
For Intensive Small-Scale Food Production Operations

March 7, 8, 12, 14, 15, 21 (exam) and 28 (plan development), 2019
 (snow dates March 19 and April 4)
 1 – 4 PM each

University of Maryland Extension, Baltimore City Office
6615 Reisterstown Rd, Baltimore, MD 21215

This Farmer Training and Certification (FTC) module provides an opportunity for urban and peri-urban farmers to learn how to write nutrient management plans for their own operations. As a grower, you have firsthand knowledge of your own crops, growing areas, and equipment. Who better to write your nutrient management plan than you? This **seven-part series** will teach you how to do it!

Required Skills:

Competency in high school math, familiarity with using a computer keyboard, and the ability to save and retrieve electronic files is essential for completion of the course and nutrient management plan development.

You will receive:

- **A comprehensive training binder** – that will be used during the class, serve as a reference during the exam, and used as a valuable resource when you write future plans for your operation;
- **Certification** – producers who pass the exam will be certified by MDA to write their own nutrient management plans; and
- **A discount** - on the purchase price of *NuMan Pro*, Maryland’s nutrient management planning software.

Registration Information

- Space is limited and registrations are accepted on a first-come basis; therefore, **register early**.
- Paid registrations (\$20.00) must be received by February 25, 2019.
- For more information, please call 410-841-5959. Classes will be cancelled if there is lack of interest.

Keep this portion for your records
