Our Mission
Help Marylanders improve health and save money by growing fresh vegetables, fruits, and herbs using sustainable practices.

Our Vision
1 million Maryland food gardeners producing their own affordable, healthy food.

Do You Want To:
• Eat fresh organic food?
• Get more exercise?
• Reduce stress and improve your health?
• Be more self reliant?
• Have fun?

We can show you how to grow vegetables, fruits, herbs, and salad greens in backyard gardens, container gardens, and youth gardens.

Please refer to the back of this flyer for our 2015 Twilight Schedule!

For more information about the Vegetable Gardening Classes, the Master Gardener Program, or the University of Maryland Extension please contact Steve Allgeier at 410-386-2760.

University of Maryland Extension is one part of the University’s College of Agriculture and Natural Resources. The mission of Extension is to educate citizens to apply practical, research-based knowledge to critical issues facing individuals, families, communities, the state, and our global partners.

University of Maryland Extension has conducted the Maryland Master Gardener Program continuously since 1978. The program’s mission is to train volunteer educators to extend the services, programs, and expertise of UME to the general public.

University of Maryland Extension programs are open to all citizens without regard to race, color, gender, disability, religion, age, sexual orientation, marital or parental status, or national origin. Persons with disabilities who require alternate means of communication of program information should contact us at 410-386-2760 or 888-326-9645; Fax 410-876-0132; or use the Maryland Relay Service at 7-1-1 for text telephone service to our voice number.
