

# BASIC GOOD AGRICULTURAL PRACTICES (GAP) COURSE

Hosted by:

COLLEGE OF  
AGRICULTURE &  
NATURAL RESOURCES

UNIVERSITY OF  
MARYLAND  
EXTENSION

## Attending a Basic GAP course may be right for you if...

- You are thinking about pursuing GAP certification for some or all parts of your operation
- You are interested in developing a good safety plan to increase operational efficiency and build a food safety culture
- You are looking to learn more about how microbes live and interact with farm environments, or
- You have a potential buyer that requires GAP certification

## What you'll get from this training

- Tips on how to implement practices to minimize your food safety risk during growing, harvesting, holding, and packing your product
- Practice conducting risk assessments
- Practice writing Standard Operating Procedures
- Assistance on writing your food safety plan
- A Maryland Department of Agriculture GAP training certificate

The University of Maryland Extension programs are open to all people and will not discriminate against anyone because of race, age, sex, color, sexual orientation, physical or mental disability, religion, ancestry, or national origin, marital status, genetic information, or political affiliation, or gender identity and expression
