On April 3rd our club helped the St. Mary's River Watershed Association with cleaning up trash at the Chancellor's Run Regional Park. In the picture are Cady Bryan, Jason Fore, Mary Trossbach, Travis Trossbach, John Fore, Charlie Sasscer, Sarah Fore, Mary Muir, Grace Muir, Clare Greenwell, & Joey Greenwell.

At our April meeting the swine project members shared information about how to figure out the rate of gain and made food to share with the club. The Clover members made Easter rabbit baskets out of paper plates. Everyone had fun.
