The mission of Teen Focus is to provide educational experiences on a campus setting that help participants to develop life and leadership skills. In 2013 we will be teaming up with FFA to offer a fabulous event. This collaboration provided both organizations the ability to increase their capacity to offer premier youth development programs. One example is the keynote speaker, Ricky Kalmon a famous motivational speaker. Kalmon’s uniqueness comes from the way he combines music, audience participation, and comedy to create an unforgettable show which is unmatched by anyone. Maryland 4-H in Action
Calling 4-H members 8-18...do you like writing, sharing stories or telling stories? Are you interested in learning about the world of journalism? The Maryland 4-H Foundation and American Farm Publications are partnering together to produce 4-H in Action, an annual supplement to the Delmarva Farmer to be published during National 4-H Week. 4-H members are needed to write stories, take pictures, edit and layout the newspaper under the guidance of Mary-land 4-H and Delmarva Farmer staff. The tentatively named 4-H in Action supplement to The Delmarva Farmer is an opportunity for Maryland 4-Hers to showcase the Maryland 4-H Program through their own eyes. A share of the advertising sales will go toward the Maryland 4-H Foundation, which aids youth in attending national conferences and program trips. Interested 4-H members or those with questions should contact Amanda Clougherty at akbrown@umd.edu.

Teens from Colombia and Ecuador Coming To Delaware and Cecil County
We have just been informed by the State Department that Delaware 4-H, along with our partners in Cecil County, Maryland will be hosting 27 teens/adults from Colombia and Ecuador. The teens arrive in D.C. for a 3-day orientation along with sightseeing and training at the National 4-H Center on October 6, 2013. They will arrive in Delaware on October 9. This is another project that 4-H is conducting with the State Department to promote youth leadership and citizenship and teach youth from around the world about democracy and religious tolerance. The teens will be attending workshops most days while they are here along with trips to Philadelphia and New York. Our host family coordinator, Tracey McCracken (traceyamcc@aol.com) is recruiting host families. We are looking for families with teens to host kids. There will also be several adult chaperones with the group. What an amazing cultural experience for 4-H families! If someone in your family speaks Spanish we could really use you, as there is no requirement for the kids from Ecuador and Colombia that they speak English. Next year we will be getting another group not from Colombia or Ecuador. They could be from anywhere in the world. Those 4-H families that participated in the program with Bosnia know what a wonderful experience it is. Many families are still in contact with the youth (now young adults) who they hosted in 2006-2008. You can help prepare our youth as well as youth from around the world to live and work in a global society. Let us hear from you soon before host family slots fill.

States’ 4-H International Exchange Program

- From July 21-August 15, 2013, ten 4-H aged Japanese students (ages 12-15) and one adult chaperone will be arriving in Maryland and will be staying with host families for a little less than one month.

• If you have 4-H age youth at home and are potentially interested in hosting a delegate or know anyone who might be, share your interest with your county’s Extension Educator and go to states4hexchange.org to learn more about the program.
