The University of Maryland Extension and the University of Delaware Cooperative Extension conducted a webinar and live presentation at the UD Carvel Research and Education Center.

There were 64 poultry farmers, service providers and department of agriculture participants. Goals of the workshop were to increase knowledge of electrical hazards on the farm and actions to be safe.

Published on May 26, 2016
Workshop and simultaneous webinar on addressing electrical safety issues surrounding poultry farming. Dedicated to UD Poultry Agent Bill Brown who died on April 14, 2016 from an electrical accident on his farm.
