Basil African Blue

*Ocimum hybrid*

How do I get started?

- This plant is a natural hybrid of two species. New plants can only be grown from cuttings.
- Root from cuttings
- Purchase a plant

Where can I grow it?

How do I grow it?

- Full Sun
- Average

How long will it live?

- Evergreen tender perennial—lives outside in warm weather, keep as a houseplant November through April

How to enjoy

- Culinary-- Use the leaves with beans, peppers, eggplant, Italian cooking, tomato-based dishes, pesto, in salad and sauces and with duck
- Fragrance – fragrant addition to the herb garden
- Decorative– The flowers are a favorite for arranging because they last 3-4 weeks if the water is changed regularly
