ATTENTION: New format for 2015 4-H Photo Challenge Contest

This year the 4-H photo challenge will be run as an online contest with participants using their own cameras or smartphones and uploading images to a website [https://4hphoto.submittable.com/submit](https://4hphoto.submittable.com/submit).

Participants will have the whole week to complete their entries and award winners will be announced online at the end of the week. Complete details and links will be given to contestants when they show up on the 29th for the contest.

We hope this change will open the contest up to more kids in the long run and allow us to share the photos to promote 4-H and the fair!

Questions? Contact the contest Superintendent, Edwin Remsberg at remsburg@umd.edu.
