Recent Legal Developments Under RCRA

Animal Agriculture and the Clean Air Act

2015 has seen interesting development in legal issues related to livestock production. In January 2015, a federal district judge ruled that manure (stored or applied to a field) could become a solid waste under federal environmental laws. At the same time, a consortium of environmental and animal welfare groups filed a lawsuit against the EPA for failure to act on their petition to regulate ammonia gas releases from animal feeding operations. The law as it relates to these operations is currently in a state of flux.

On August 6th at noon (EST), Dr. Shannon Ferrell, Oklahoma associate professor of agricultural economics, Department of Agricultural Economics, Oklahoma State University, will discuss the implications of the Resource Conservation and Recovery Act (RCRA) and Clean Air Act (CAA) on animal agriculture, recent litigation, and other legal issues. This webinar is open to livestock producers, Extension educators, agricultural service professionals, and anyone else interested in learning more about the potential impacts of RCRA and the CAA on livestock operations. The webinar is free to attend. Signup is available at: https://livestockrcrawebinar.eventbrite.com.

The webinar is sponsored by the University of Maryland’s Agriculture Law Education Initiative, University of Maryland Extension Poultry, DAIReXNT, the Livestock and Poultry Environmental Learning Center, Texas AgriLife Extension, and the Northeast Extension Risk Management Education Center.

Poultry Growers Meeting
Thursday, Aug. 27, 2015
11:00 a.m. to 2:00 p.m.
Tilghman Terrace, 104 Tilghman Avenue, Centreville, MD 21617

August 27 - Centreville, MD
August 28 - Princess Anne, MD

Topic: 'Securing Your Farm' by Ag Law

This event will cover a host of legal issues that impact commercial Poultry operations. A light lunch will be provided. Contact: Jon Moyle at 410-742-1178 or jmoyle@umd.edu
If you need special assistance, please register two weeks before the event to request same.
See more at: http://www.extension.umd.edu/news/events/thu-2015-08-27-1100-poultry-

State Agriculture Department
Prohibits Poultry Exhibits at Fairs & Shows; Poultry Entering State Must be Tested or Certified Healthy

ANNAPOLIS, MD (July 23, 2015) – To do everything possible to mitigate the risk of High Path Avian Influenza (HPAI) from infecting Maryland poultry flocks, the Maryland Department of Agriculture (MDA) will prohibit poultry exhibitions at all fairs and shows after Aug. 25.

MDA has also issued a quarantine order requiring all hatching eggs and poultry entering from out of state to be tested within 10 days or come from certified clean sources. This quarantine order will remain in effect until at least June 30, 2016. See www.mda.maryland.gov/AvianFlu

Organic Vegetable Twilight Tour

When: August 13, 2015. Dinner served from 5-6pm
Wagon tours start at 6pm

What: Tours of University of Maryland organic research plots
The effect of cover crops on soil microorganisms
Pest control in cantaloupe
Food safety in organic systems
Companion plantings for increased biocontrol
Speakers include organic growers and University of Maryland researchers

Where: Upper Marlboro Research and Education Center
2005 Largo Rd., Upper Marlboro, MD 20774

Who: All organic vegetable growers or those interested in organic vegetable production
**AUGUST 2015:**

04 - Timely Ag Issues, 7:30 a.m., Tilghman Terrace, Centreville, MD. $2/person: coffee, donuts, etc.

04 - Kent County Farm Bureau Picnic, 6:00 p.m., Crow Farm Kennedyville, MD. Meat and drinks provided. Bring a dish to share. Contact Kara: 410-778-4763.

05 - MidAtlantic Precision Ag Equipment Field Day, 10:00 a.m. - 4:00 p.m., Somerset County Civic Center, Princess Anne, MD. Contact Jarrod Miller, jarrod@umd.edu, 410-751-1350.

05 - 08: Caroline/Dorchester County Fair, Caroline Co. 4-H Park, Denton, MD. Call 410-479-4030.

06 - RCRA and the Clean Air Act webinar about implications of the resource Conservation and Recovery Act (RCRA) and Clean Air Act (CAA) on livestock operations. Sign up at: https://livestockrcrawebinar.eventbrite.com

07 - Nutrient Management Exam, Annapolis, MD. Call 1-800-492-5590. Ask for Nutrient Management.

10 - to 15...QUEEN ANNE’S COUNTY FAIR! Call 410-758-0166. Visit: http://queenannescofair.com/

12 - Women In Ag offers free webinar on “Calendars.” Register: www.wiawebinars.eventbrite.com

14 - Pesticide Container Recycling, 9:00 a.m.- 3:00 p.m., Nicholson Transfer Site, Chestertown, MD Call 410-778-1661 for more info. (See details p.5)

18 - Timely Ag Issues, 7:30 a.m., Tilghman Terrace, Centreville, MD. $2/person: coffee, donuts, etc.

20 - Aronia Twilight Tour, Wye Research & Ed Center, Queenstown, MD, 5:00 p.m. To register, contact Debby Dant, 410-827-8056, X115 or ddant@umd.edu by 8/17.

26 - Estate Planning Workshop, 9:00 a.m. to Noon, UME, Wicomico County. Contact Jarrod Miller: 410-751-1350.

27 - Poultry Growers Meeting, 11:00 a.m. - 2:00 p.m., Tilghman Terrace, 104 Tilghman Ave., Centreville, MD.

27 - Farmer Meeting “Securing Your Farm”. Legal Extension Specialist, Tilghman Terrace meeting room, Centreville, MD 21617. Call 410-758-0166.

28 - Poultry Growers Meeting, 11:00 a.m. to 2:00 p.m., Somerset Extension Office. Contact Jon Moyle, 410-742-1178 or jmoyle@umd.edu

28 - September 7...Maryland State Fair!

**SEPTEMBER 2015:**

01 - Timely Ag Issues, 7:30 a.m., Tilghman Terrace, Centreville, MD. $2/person: coffee, donuts, etc.

01 - Dec. 15: UME General Forestry Course. Register at http://extension.umd.edu/forestry-course Call 410-827-8056 x-107, nstewar1@umd.edu.

15 - Timely Ag Issues, 7:30 a.m., Tilghman Terrace, Centreville, MD. $2/person: coffee, donuts, etc.

29 - Timely Ag Issues, 7:30 a.m., Tilghman Terrace, Centreville, MD. $2/person: coffee, donuts, etc.

30 - Poultry Grower’s Disease Control Workshop: Keeping Disease Off of the Poultry Farm. 10 a.m. - Noon, Pocomoke City, MD; 2-4 p.m. - Bridgeville, DE; 6-8 p.m. - Ruthsburg Community Club, Queen Anne, MD. Call your local Extension Office for details.

**UME GENERAL FORESTRY COURSE**

Sept. 1- Dec. 15, 2015
Registration opens July 1!
Paper and online version offered.
Register: http://extension.umd.edu/forestry-course
Call 410-827-8056 x-107; nstewar1@umd.edu

**KENT COUNTY FARM BUREAU PICNIC!**

Tuesday, August 4, 2015
6:00 p.m.
Crow Farm, Vineyard and Winery
12441 Vansant Corner Rd, Kennedyville, MD 21645

Please bring a dish to share. Meat will be provided. Kent County Farm Bureau Scholarships will be presented that evening to our very deserving recipients. Our gracious hosts will be offering tours of their winery and their products will be available for purchase during the event!

Questions or concerns, please call Kara Morris, 410-778-4763. See you on August 4th!
General Forestry Course

WHAT A DEAL!

The General Forestry Course is offering a DISCOUNT! For the month of July the course cost only $275. That’s a $25 savings.

The University of Maryland Extension will offer the General Forestry Course for the Fall 2015 semester. Both the PAPER AND ONLINE version will be offered. The course begins September 1 and runs until December 15, 2015. Registration opened July 1. To register, go to our website at http://extension.umd.edu/forestry-course.

As there are no formal classes, you work from the comfort of your home using your own woodlot, a friend’s or a public forest. You will learn how to protect your trees from insects, diseases and fire; step-by-step procedures will walk you through a forest inventory and stand analysis; and the details of the forestry business are presented, including tax nuances and the sale and harvest of forest products. Ultimately, the course exercises help you develop the framework for a management plan for your forest. The cost for this forestry course is normally $300; however, we are offering the course at a $25 discount during the month of July so it only cost $275 through July 31. The cost goes up to $300 during the month of August. Late registration (September 2-14) is $400. Included in the cost are copies of the supplemental readings (A Sand County Almanac, The Woodland Steward, American Forests: A History of Resiliency and Recovery, and a small pamphlet entitled What Tree Is That?). The paper version text and appendices are in binder form. Online users receive a flash drive of the paper version of the text and appendices. A certificate of completion is awarded when all assignments are completed. But don’t take our word for it. See it for yourself on our website at http://extension.umd.edu/forestry-course. There you can read a lesson from the text, view an interactive exercise, read through detailed course information and FAQs.

For more information, contact Nancy Stewart at the University of Maryland Extension, Wye Research and Education Center, P.O. Box 169, Queenstown, MD, 21658; phone 410/827-8056, ext. 107; or email nstewar1@umd.edu. REMEMBER, GET THE DISCOUNT DURING JULY. Check for details on our website today and mark the date for open enrollment on your calendar! Contact: Nancy Stewart, 410.827.8056, Ext. 107; nstewar1@umd.edu.

UMES Small Farms Bus tour

August 26 & 27, 2015.
University of Maryland Eastern Shore
Princess Anne, MD

A small farm bus tour offers a variety of educational stops over a two-day period late August/early September. Back by popular demand, the tour will allow participants to “Explore New Farm Income Opportunities.” on Monday, August 31, and Tuesday, September 1. For more information about select tour stops during the trip and a schedule of stops, visit http://extension.umd.edu/forestry-course. Contact your local NRCS office for more information.

Pesticide Licensing and Certification

As a certified applicator or business, you may have received a postcard/renewal notice in the mail from the MDA. Don’t throw it away! They have updated their website with useful information. The new website will allow you to renew licenses, search for certification, print certificates, and get approval for recertification sessions. Your label or document contains information you need to renew your certification, so keep it in a safe place.

https://www.egov.maryland.gov/MDA/pesticides

On Farm Poultry Freezer Technology Available

Freezing technology can be an alternative to composting for poultry mortality. Although freezer units have been around for a while, regulatory agencies in Virginia and Delaware recently listed them as a best management practice. The Delaware NRCS also offers cost share through the EQIP program. A February 2015 article in the Delmarva Farmer listed many benefits including a reduction in odor, flies and vultures on the farm. The disadvantages are the upfront cost, which can be $4,800 for each freezer. A fact sheet from the NRCS describes freezers as being 40 cubic feet and able to hold 1,500 lbs. of dead birds. They are designed to operate between 10° and 20°F. Contact your local NRCS office for more information.

Estate Planning Workshop

When: August 26, 2015
Time: 9 a.m. to Noon
Where: Wicomico Extension Office

Having an up-to-date estate plan is an important part of any farm or business.

This workshop series will cover the features of an estate plan, tax considerations and what you need to consider before developing the estate plan.

These workshops are sponsored by the Agriculture Law Education Initiative and the Maryland Crop Insurance Education Program.

For more information contact: Jarrod Miller - (410)-651-1350

Welcome Loretta Mae Collins!

Loretta is the Interim Nutrient Management Advisor, Kent & Cecil Counties. She began working in Kent County on Monday, July 20, 2015. Please see her message below:

"Hello All! Nutrient Management Advisor for Cecil and Kent counties, Caleb Snyder, has moved on to the Western Shore. While University of Maryland Extension works to find his replacement it is important to maintain coverage and communication for local farmers/operators; therefore, I am happy to be here to serve Kent and Cecil County as Interim Nutrient Management Advisor. I am originally from Silver Spring, MD and have a master degree in Soil and Watershed Science. I am new to the Upper Eastern Shore and very much look forward to familiarizing myself with the area and people.

I am here to answer any questions and advise you in the process of tailoring a Nutrient Management Plan to your farming operation. Remember: Maryland requires a nutrient management plan if your gross income from agricultural operations exceeds $2,500 OR you maintain 8,000 or more pounds of livestock.

I plan to be in both offices on a weekly basis: Chestertown each Monday; Elkton each Tuesday. Stop by and say hello or call the Extension Office to schedule an appointment. When I am not in the office, please leave a message and I will get back to you as soon as I can."

National Association of County Ag Agents RECOGNITION AND AWARDS

"Maryland AGNR Educators attended the 100th National Association of County Agricultural Agents Annual Meeting and Professional Improvement Conference last week in Sioux Falls SD. Maryland AGNR Educators had a successful meeting and received numerous awards and made peer reviewed presentations. Herb Reed, President, MACAA"

Many UME Educators received recognition in different categories. Congratulations to all of them! In the Upper Shore Cluster (Cecil, Kent and Queen Anne’s Counties) we say kudos to Jenny Rhodes!

Peer Reviewed Posters - Applied Research
Assessing Heavy Use Area Protection On Poultry Farms - Jennifer Rhodes, Ag Agent and Jon Moyle, Poultry Specialist

MidAtlantic Women In Agriculture will offer a free webinar open to all on Wednesday, August 12th!

There are 365 days in a year but we don’t want to have to work all of them, so having an editorial calendar prepared is important in maintaining content for a 24/7 world while also maintaining our own sanity. There are many other sessions planned from August through December. Register online at: www.wiawebinars.eventbrite.com

* Note - Because of legal restraints, only residents from Caroline, Kent, Queen Anne’s and Talbot counties are able to use the collection site in Easton. Lower Shore residents must use the collection site in Salisbury.

**INSPECTION CHECKLIST**

- All containers must be made from high density polyethylene (HDPE).
- The container must have held an EPA-registered pesticide or adjuvant, crop oil, etc.
- Any size container will be accepted. All containers over 30 gallons must be cut prior to recycling (contact MDA for instructions).
- Pesticide containers must be properly rinsed (pressure-rinsed or triple-rinsed).
- Caps and other non-HDPE parts, such as metal handles and rubber linings, cannot be recycled.
- Stained containers are acceptable: provided no material can be smeared or removed when touched by a rubber glove.
- Please remove lids and label booklets prior to recycling.

* * Note - Frederick County has agreed to allow residents from outside Frederick County to submit empty pesticide containers for recycling, but NO TRASH from outside of the county will be accepted at the landfill under any terms.
Ag Progress Days Bus Trip
to Penn State University

Come Join Us
Wednesday, August 19, 2015

Breakfast: Snacks on bus
Lunch & Dinner: Food vouchers will be given to use at Ag Progress
Cost: $20 per person
includes bus, morning and return snacks, Ag Progress food vouchers

Seating is Limited!

Convenient Departures from Maryland and Delaware!

Something for everyone — exhibits, shows, machinery, demonstrations, tours, and more!

For more information about Ag Progress Days visit agsci.psu.edu/apd

Register online at www.mafc.com/event-registration.php or complete the form and return by August 7, 2015 along with your $20 per person registration fee made payable to MidAtlantic Farm Credit. Mail to:

MidAtlantic Farm Credit
379 Deep Shore Road
Denton, MD 21629

Ag Progress Days Bus Trip Registration Form

Bus pick-up location (Check One):

USDA Opens Enrollment Period for Agriculture Risk Coverage and Price Loss Coverage Safety-Net Programs

USDA News Release: Contact Kent Politsch (202)720-7163

WASHINGTON, June 15, 2015 – U.S. Department of Agriculture (USDA) Secretary Tom Vilsack today announced that eligible producers may now formally enroll in the Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC) programs for 2014 and 2015. The enrollment period begins June 17, 2015, and will end Sept. 30, 2015.

“The extensive outreach campaign conducted by USDA since the 2014 Farm Bill was enacted, along with extending deadlines, is central to achieving an expected high level of participation,” said Vilsack. “We worked with universities to simplify these complex programs by providing online tools so producers could explore how program election options would affect their operation in different market conditions; these tools were presented to almost 3,000 organizations across the country. The Farm Service Agency also sent more than 5 million educational notices to producers nationwide and participated in over 4,880 educational events with more than 447,000 attendees. I am proud of the many committed USDA employees who worked hard over the last several months to provide producers support to help them make these important decisions.” The new programs, established by the 2014 Farm Bill, trigger financial protections for agricultural producers when market forces cause substantial drops in crop prices or revenues. More than 1.76 million farmers have elected ARC or PLC. Previously, 1.7 million producers had enrolled to receive direct payments (the program replaced with ARC and PLC by the 2014 Farm Bill). This means more farms have elected ARC or PLC than previously enrolled under previously administered programs.

Nationwide, 96 percent of soybean farms, 91 percent of corn farms, and 66 percent of wheat farms elected ARC. 99 percent of long grain rice farms, 99 percent of peanut farms, and 94 percent of medium grain rice farms elected PLC. For data about other crops and state-by-state program election results go to www.fsa.usda.gov/arc-plc. Covered commodities under ARC and PLC include barley, canola, large and small chickpeas, corn, crambe, flaxseed, grain sorghum, lentils, mustard seed, oats, peanuts, dry peas, rapeseed, long grain rice, medium grain rice (which includes short grain and sweet rice), safflower seed, sesame, soybeans, sunflower seed and wheat. Upland cotton is no longer a covered commodity.

The 2014 Farm Bill builds on historic economic gains in rural America over the past six years, while achieving meaningful reform and billions of dollars in savings for the taxpayer. Since enactment, the U.S. Department of Agriculture has made significant progress to implement each provision of this critical legislation, including providing disaster relief to farmers and ranchers; strengthening risk management tools; expanding access to rural credit; funding critical research; establishing innovative public-private conservation partnerships; developing new markets for rural-made products; and investing in infrastructure, housing and community facilities to help improve quality of life in rural America. For more information, visit www.usda.gov/farmbill.
