REMINDER - HORSE AND PONY PROJECT MEMBERS
Don’t forget – Horse and Pony Cards MUST be updated by MAY 1ST; for the Queen Anne’s County Fair; JUNE 1ST for State Fair. You may call the 4-H Office and ask for Ms. Sue, she will update your present cards on file, however, if you are adding a new horse, you must stop by the 4-H Office to fill a new card out.

APRIL is month of the Military Child….Wearing the color purple is a visible way to show support and thank military youth for their strength and sacrifices. Why purple?? Purple is the color that symbolizes all branches of the military, as it is a combination of Army green, Marine red and Coast Guard, Air Force and Navy blues.

A BIG THANK YOU...to Go Getters 4-H Club for donating $100.00 towards Michael’s Lee’s Diamond Clover Project to help construct a playground at the 4-H Park.

4-H LEADERS MEETING...
The next Meeting will be held at the 4-H Park on Wednesday May 14th at 7:00pm. Leaders, please plan to attend.
INTERMEDIATE STATE HORSE BOWL CHAMPIONS!!!! WE ROCK THE HOUSE!!
Awesome job Queen Anne’s County...pictured are Sara Sheats, Jen Gannon, Hannah Irons, Dakota Albers and Coach Dottie Gannon. Missing from picture was Katie Huffman.

The teams participated in the State Contest on March 15th in College Park. The Junior team consisted of John Crook, Lily Golden and Ania Haynes and was coached by Dot Gannon. The intermediate team placed first out of 12 county teams with Hannah Irons being 1st overall individual, Dakota Albers was 9th and Jen Gannon was 11th. Sara Sheets and Katie Huffman were also Participants. The senior team consisted of Augie Callahan, Megan Byrne and Jacob Schmidt. Coached by Jennifer Huffman. Megan placed 8th overall and qualified to try out for the state team.

WOW OH WOW........

David Sink, 16, a member of the Queen Anne’s County 4H Marksmanship Club, won Gold in the precision air rifle division at the United States Army Marksmanship Unit’s National Junior Air Rifle Championships last week at Fort Benning, GA. Sink, a junior at Queen Anne’s County High School, shot the highest overall individual score over the 2 days of competition with a combined score of 1273. He outscored 49 other individual shooters from 17 different states to win the gold medal.

The Queen Anne’s County 4-H Marksmanship team also took Gold in the team precision air rifle division. Team members were: David Sink, Tyler Ramos, Mekenna Richardson, Nash Richardson and Zachary Schmidt, alternate. The team score totaled 4581 points, a full 20 points over the 2nd closest team “Hardcore 4” from Monroe, GA. Teams from 14 different states around the nation qualified to compete at this national championship.

LOCAL FARMER ALLEN BOYLES has directed a $2,500 donation to the Q.A. County 4-H.

Funded by America’s Farmers Grow Communities, the donation will help the group develop its Maryland Rural and Agriculture Safety Curriculum and workshop program. It is partnering with educators in Delaware and Maryland to expand and adapt the 24-hour tractor certification that youth ages 14 to 16 are required to pass to be employed in agriculture. This program will be available to all rural families to better prepare them for a farm-related emergency.
Thanks to the support of farmers across the country, more than $3.2 million is being directed to nonprofits in 1,289 counties in 39 states.

“I was a 4-H’er when I was younger,” said Boyles. “The 4-H is there for the farmer, that’s what 4-H is all about, and that’s why they’re so deserving of this donation.”

America’s Farmers Grow Communities works directly with farmers to support nonprofit organizations like the Queen Anne’s County 4-H, who are doing important work in their communities. The program offers farmers the chance to win $2,500, which then is donated to the farmer’s nonprofit of choice.

The search for funding to sustain and enhance programs is a year-round job for nonprofit organizations across the country. Through America’s Farmers Grow Communities, farmers have been able to support a variety of groups, such as schools, fire departments, community centers and youth organizations like 4-H and FFA.

America’s Farmers Grow Communities launched in 2010 and has donated more than $13 million to more than 5,200 nonprofit organizations across the country. America’s Farmers Grow Communities, sponsored by the Monsanto Fund, is part of the America’s Farmers initiative, which highlights and celebrates the important contributions of farmers like Allen Boyles.

Each club has the opportunity to nominate a member for the spirit award. These are the “unsung heroes” who try their hardest but may not always succeed

Brennan King from the QAC 4-H Goat Club
Sydney Cook from the Farm to Market 4-H Club
Gabrielle Battagalini from the Wags and Whinnies 4-H Club

We had one Outstanding Club Award. In order to receive an outstanding club award, the club must have their yearly program plan and their club officer roster on file at the Extension Office. They must also hand in their secretary book with minutes and information filled in. This year we had one club qualify and it was Farm to Market 4-H Club. Congratulations.

Diamond Clover Awards:
Level One, the Amethyst Award. Paige Bailey, Erin Avila, Jason Staley, April Lee, Andrew Jackson, Katharine Tuttle, Colleen Weaver and Kayla Larrimore.

Level Two the Aquamarine award. David Lumb, Christian Lumb, Kayla Eisenhart, Annaliese Tuttle, Logan Bozarth, Hailey Benton and Ashlynn Kunes.

Level Three is the Ruby Award. Julia Smith, Julia Jackson, Caitlin Milliken and Jacob Elborn.
We have two Level Four Awards the Sapphire Award. Daren Finnegan, and Harlie Englebach.
Level Five, the Emerald Award is the last step before the Diamond Clover Award. This year we had one member receiving Level Five and that is Kelly Harris. Kelly received her award from the state during the 4-H Gala.

NEW VENUE FOR CAMP

Exciting News! This summer we are going to pilot a new “camp series”. Our traditional summer camp will have a new look! Instead of a week-long camp we will move to a day-series program which will be held on every Monday during the month of July. The new day camp series will be open to all youth between the ages of 8 and 12. Yes, you read that correctly – all youth! We will open the series up to the community at large with the intent to expose more youth to the principles of 4-H positive youth development, and to potentially attract new members.

Each Monday will have a focused theme and a series of classes will be developed around each of these areas: 1) STEM, 2) Livestock/Animals 3) Arts & Crafts, Woodworking & related projects, and 4) Environmental & Health Science. The specifics will be determined within the next few weeks and information will then be sent to 4-H members and leaders.

In order to provide this important experience to the youth in Queen Anne’s county, we need a quality cadre of volunteers. And, we want you to be a part of that leadership corps. Adults are needed as well as older youth 4-Hers. Please contact Sally to let her know of your interest. Training will be provided in early June.

We invite you to join us in this new venture!

DELMARVA CHICKEN FESTIVAL

Please hold the dates of June 20 and 21. Our county 4-H unit has the rights to sell all of the bottled soda and water at the festival. It is a HUGE fundraiser for our program. ALL of the 4-H clubs are expected to participate.

Clubs will need to send 4-H members and adults to help sell the drinks. There will be two stationary locations and several “portable” locations. Young 4-Hers can help with handing out the drinks, whereas the older 4-Hers and adults can handle the money.

When we did this event previously, we were under Pop-up tents. I would imagine it will be the same again. Hopefully, it won’t rain and have tornado warnings this time!!

We will be making up a chart with all of the times to be covered and how many people are needed for each area. This information will be sent out as soon as we are informed. Remember, we need ALL of you to help!

SPRING FASHION IS IN THE AIR

If you are interested in working on a Fashion Revue Committee, please let Sally know. We need individuals to organize some relevant activities centered around our Fashion Revue. That could be hair, makeup, body image, sewing, etc. The sooner we get started, the better!

SEAMSTRESSES NEEDED

We are looking for adults and older teens that can help young 4-Hers with sewing. We can set up workshops at various locations or you can work from your home. If you can help or know of someone else who can help, please let Sally know. If there are 4-Hers out there who want help with specific sewing projects, please let us know. We will do our best to make it happen.
NATIONAL HEALTHY LIVING AMBASSADORS

The National 4-H Healthy Living Management team is putting out a call for five (5) ambassadors to serve on the national team. IMPORTANT NEW ANIMAL SCIENCE NEWS

New regulations for youth exhibiting swine in 2014. Both breeding and market hogs will need to be tagged with an official USDA approved tag before a veterinarian can complete the CVI (certificate of Veterinary Health Paper). If you purchased a hog with an official Premise tag in its ear you have what you need. The Maryland Department of Agriculture is issuing 8 digit metal tags to veterinarians to use to put in swine ears prior to completing the CVI. I highly recommend that you do not use the metal tag as is. You can mount the metal tag on a blank plastic ear tag and then put the plastic tag in your pig’s ear. If you use the metal tag it will be prone to infection. If you have questions please call Chris Johnston 410 758-0166 or 410 708-0135.

2014 Animal Science Project Leaders/Volunteers Webinar Series

The Maryland 4-H Animal Science Program is encouraging Animal Science Leaders and Volunteers to participate in the 2014 Animal Science Project Leaders/Volunteers Webinar Series which will be held each month, January through May, 2014. All sessions will be held 7:00-8:00 pm via the UME Connect system. The dates and topics are as follows:

- April 29 - Topic: 4-H Club Activities to Support Animal Projects - This session will provide 4-H Club leaders and volunteers with a variety of hands-on club activities and resources to support 4-H Animal Science Projects. Instructors: Chris Anderson, Sheryl Bennett-Dowdy, and Bonnie Boyden.

- May 27 - Topic: 4-H Club Volunteer Roles to Support Animal Science Projects -This session will provide ideas of different volunteer roles that could be implemented at the club level to support 4-H animal science project work and related events. Instructors: Chris Anderson, Dr. Lisa Dennis, David Gordon, and Ann Sherrard.

Volunteers are requested to visit the AGNR Calendar to register for each session at: http://www.agnr.umd.edu/AGNRCalendar/. Search under 4-H by month to register for each session.

Please contact Chris Anderson at canders2@umd.edu or 301-314-7187 for more information or if you have questions.

2014 MD 4-H ON-LINE ANIMAL HUSBANDRY & QUALITY ASSURANCE (AH&QA) PROGRAM

All Maryland 4-H members enrolled in alpacas, beef, dairy, goats, horse and pony, poultry, sheep, swine and rabbits are required to complete the Maryland 4-H On-Line Animal Husbandry & Quality Assurance (AH&QA) Program to be eligible to exhibit their project animals in 2014 Maryland County 4-H and State 4-H Shows. This program is offered to help youth who participate in 4-H animal projects in Maryland learn about the importance of caring for, grooming and showing their animals in safe and ethical ways.

4-H’ers are required to complete the on-line training program when they reach each 4-H age division (Juniors (ages 8-10), Intermediates (ages 11-13), Seniors (ages 14-18) – all as of January 1 of the current year) OR when as Intermediate and Senior 4-H members, they choose to show a new species since last completing the program within their age division.

The on-line program gives youth the opportunity to fulfill the Animal Husbandry and Quality Assurance training requirement via internet from their home, school or local library. The AH&QA program has voice narration, so the material is shared in both written and oral form. Members will be asked to respond to questions to evaluate knowledge at different points during the program.

There are two Levels to the program: one level is for Junior members and a second level is for Intermediate and Senior members. Members will be automatically taken to the appropriate Level according to the birthdate entered on the registration screen. The program takes about 45-75 minutes to complete, depending on which level is being completed. When members register for the program, they will be provided a unique Passcode. Members should write their Passcode down and keep it in a safe place! A member must be LOGGED IN with their passcode for the system to track their progress and record their completion of the program. If a member needs to stop the AH&QA training in the middle of the program, he or she may return to the program where they left off by entering their Passcode on Page 1 of the program. ALL members completing the program prior to 2013 (or any portion of the program) must register and a NEW PASSCODE will be assigned. Passcodes to members from 2013 and before are no longer valid.
For 2014, members will have access to the AH&QA program from March 15 through July 31st. Members MUST complete the AH&QA training no later than July 31st. Counties may establish a completion deadline earlier than July 31 to meet the needs of the local program.

Members may go directly to the AH&QA program at https://webtools.moo.umd.edu/AHQA/ or a link to access the AH&QA program will be posted on the Animal Science Program Resources page of the Maryland 4-H website at http://extension.umd.edu/4-h/.

Upon completion of the program, members will have an opportunity to print a Certificate of Completion for their records. It is suggested that members keep the Certificate of Completion with their animal health papers (CVI forms, etc.), registration papers, and other animal records. Each member’s progress will be kept in a statewide database and their County 4-H staff will receive notification that they have completed the AH&QA training.

IMPORTANT SWINE INFORMATION

Due to the PED Virus outbreak, Maryland 4-H has made the decision to eliminate all co-mingling of pigs at county weigh-ins. We will not weigh market hogs this year (at tagging – will still weigh for shows) which in turn will eliminate any rate of gain requirements for exhibiting at State Fair. We still are requiring that 4-H market hogs be tagged prior to or within a week after the June 1st ownership deadline. At this point, we are not eliminating any shows. If you have a market or breeding swine project this year you MUST CONTACT Chris Johnston by May 1st. We will send detailed information concerning our new biosecurity policies and our project identification process only to those that contact me by May 1st. You do not have to physically have your pigs by May 1st but you need to let me know that you will be getting them by June 1st for market or July 1st for Breeding stock. Email cjohnstn@umd.edu or text or call 410 708-0135.
